

(ii) As an emergent relief water is being supplied in trailer tank of 500 gallons capacity to the areas where scarcity of water is felt.

(iii) An emergency water supply scheme, costing Rs. 34,000 is under consideration of the Municipality.

(iv) As a permanent relief, a comprehensive scheme costing Rs. 7.21 lakhs has been prepared by the Public Works Department and the same is under consideration in consultation with the Kolar Municipality.

ಶ್ರೀ ಪಿ. ವೆಂಕಟಗಿರಿಯಪ್ಪ.—ನನ್ನ ಪ್ರಶ್ನೆಯು ಮೊದಲನೆಯ ಭಾಗಕ್ಕೆ ಉತ್ತರವಾಗಿ, ನೀರಿನ ತೀವ್ರ ಕೊರತೆಯಿಲ್ಲ; ಆದರೆ ಪ್ರಾಯಶಃ ಸದ್ಯದ ನೀರಿನ ಸರಬರಾಜು ಸಾಕಾಗದಿರಬಹುದು ಎಂದು ಹೇಳಿ ದ್ದೀರಿ. ಇದರ ಅರ್ಥವೇನು ?

Sri K. PUTTASWAMY.—There is no scarcity of drinking water in Kolar Town but the only thing is that the present supply is perhaps inadequate.

ಶ್ರೀ ಇ. ನಾರಾಯಣಗೌಡ.—ಇತ್ತೀಚಿನ ಮಳೆಯಿಂದ ಅಮ್ಮೇರಹಳ್ಳಿ ಕೆರೆಯಲ್ಲಿ ಒಂದು ತಿಂಗಳಿಗೆ ಸಾಕಾಗುವಷ್ಟು ನೀರು ಬಂದಿದೆ ಎಂದು ಅಧಿಕಾರಿಗಳು ವರದಿ ಮಾಡಿದ್ದಾರೆಂದು ಉತ್ತರದಿಂದ ಅರ್ಥವಾಗುತ್ತದೆ. ಆದರೆ ನಮ್ಮ ಅನುಭವದಲ್ಲಿ ಕೋಲಾರ ಜಿಲ್ಲೆಯ ಯಾವ ಕೆರೆಯಲ್ಲಿಯೂ ನೀರು ಬಂದಿಲ್ಲ. ಹಾಗಿರುವಾಗ ಇದು ಜವಾಬ್ದಾರಿಯುತವಾದ ಉತ್ತರವೆಂದು ಹೇಳಬಹುದೇ ?

ಶ್ರೀ ಕೆ. ಪುಟ್ಟಸ್ವಾಮಿ.—ಮಾನ್ಯ ಸದಸ್ಯರು ಹೇಳುವುದನ್ನು ನಂಬಬೇಕೆಂಬ ಇಚ್ಛೆ ನನಗಿದೆ, ಆದರೆ ನಮಗೆ ಬಂದಿರುವ ವರದಿ, ಒಂದು ತಿಂಗಳಿಗೆ ಸಾಕಾಗುವಷ್ಟು ನೀರು ಬಂದಿದೆ ಎಂದಿದೆ.

ಶ್ರೀ ಇ. ನಾರಾಯಣಗೌಡ.—ಒಂದು ತೊಟ್ಟು ನೀರು ಕೂಡ ಅಲ್ಲಿಲ್ಲವಲ್ಲ ?

ಶ್ರೀ ಕೆ. ಪುಟ್ಟಸ್ವಾಮಿ.—ಬಹುಶಃ ಈ ಹೊತ್ತು ಇಲ್ಲವಾದರೂ ಅದನ್ನು ನಂಬಬಹುದು, ಆದರೆ ಒಂದು ತಿಂಗಳ ಹಿಂತೆ ನೀರು ಬಂದು ಅದು ಇದುವರೆಗೆ ಖರ್ಚಾಗಿರಬಹುದು.

ಶ್ರೀ ಪಿ. ವೆಂಕಟಗಿರಿಯಪ್ಪ.—ತಪ್ಪು ವರದಿ ಮಾಡಿರುವುದಕ್ಕಾಗಿ ಆ ಅಧಿಕಾರಿಗಳ ಮೇಲೆ ಕ್ರಮ ತೆಗೆದು ಕೊಳ್ಳುತ್ತೀರಾ ?

ಶ್ರೀ ಕೆ. ಪುಟ್ಟಸ್ವಾಮಿ.—ಹಾಗಿದ್ದರೆ, ವಿಚಾರ ಮಾಡುತ್ತೇವೆ.

Scarcity of Drinking Water in K. G. F. Mining Areas.

*Q.—47. Sri S. RAJAGOPAL (K. G. F.)—

Will the Government be pleased to state :—

(a) whether they are aware of acute scarcity of drinking (protected)

water in the Robertsonpet, K. G. F. and Mining areas ;

(b) the daily needs in the above areas and the supply capacity of Bethamangala Water Supply system ;

(c) the measures they have already taken or propose to take to ease the situation ?

A.—Sri K. PUTTA SWAMY (Minister for Municipal Administration).—

(a) Yes.

(b) Normally the daily needs in the above areas will be about 2.0 million gallons per day.

The supply capacity of Bethamangala Reservoir is 225 m.c. ft. or 856 units, except during years of bad rainfall.

(c) Bore wells have been sunk already to ease the situation during this summer season. Arrangements are being made to supply water from these bore wells.

Sri S. RAJAGOPAL.—How many bore wells have been sunk and in what places ?

Sri K. PUTTASWAMY.—I cannot tell the Hon'ble Member the exact places.

Sri S. RAJAGOPAL.—What is the capacity of these bore wells ?

Sri K. PUTTASWAMY.—18,000 gallons per hour.

ಶ್ರೀ ಪಿ. ವೆಂಕಟಗಿರಿಯಪ್ಪ.—ಹಾಗಿದ್ದರೆ ಅಲ್ಲಿಗೆ ಬೇಕಾದ ಉಳಿದ ನೀರನ್ನು ಯಾವ ರೀತಿ ಒದಗಿಸುತ್ತೀರಿ ?

Sri K. PUTTASWAMY.—For the remaining quantity of water they have to depend upon the Bethamangala Reservoir and the other reservoir there.

Sri P. VENKATAGIRIYAPPA.—Have the Government received any representation to raise the Bethamangala Reservoir bund ?

Sri K. PUTTASWAMY.—Not that I am aware of.

Sri P. VENKATAGIRIYAPPA.—Is the Government aware that the mining authorities are supplying water from the underground mine for drinking purpose ?

Sri K. PUTTASWAMY.—Now, the mining authorities are drawing water from one shaft which is supplying them 1.5 million gallons.

Sri P. VENKATAGIRIYAPPA.—Is it fit for drinking?

Sri K. PUTTASWAMY.—I presume that the mining authorities have taken care to supply water for drinking purpose.

Sri ANNA RAO GANAMUKHI.—On a point of order, Sir. Rule 36 (2) (or) of our Assembly Rules lays down that "it shall not raise matters under the control of bodies or persons not primarily responsible to the State Government". The Municipalities and Taluk Boards are not primarily responsible to the State Government. In view of that, if such questions are asked, can the Government answer them?

Mr. SPEAKER.—The point of order should have been raised before the question was taken up. After I have called upon the next question the Hon'ble Member has raised the point of order. I will give a ruling tomorrow.

Shortage of Electricity in the State.

*Q.—52. **Sri S. RAJAGOPAL** (Kolar Gold Field).—

Will the Government be pleased to state:—

(a) whether they are aware of the acute shortage of electricity in the State;

(b) whether they have conducted any detailed load survey in this behalf;

(c) the demand and supply of power in different sectors and loads during the last five years;

(d) what would be the demand and the supply position in the case of different types of consumers and sectors during the Third Plan period?

A.—Sri J. H. SHAMSUDDIN (Deputy Minister for electricity).—

(a) Yes.

(b) Preliminary load surveys have been conducted,

(c) *Vide* statement given below.

(d) Demand—906 Mega watts.
Supply position—813.7 Mega watts.

STATEMENT

The additional loads connected up under the various sectors during the last five years are as follows.

	1957-58	1958-59	1959-60	1960-61	1961-62
Industrial Sector ...	2500	2000	1485	3538	5200
Non-Industrial Sector:					
General loads sector	6455	7500	8081	7394	7568
like lighting, heating, etc.					
Agricultural Sector	6190	5560	6660	6670	8370
(Irrigation pumps)					

Sri S. RAJAGOPAL.—What are the projects you are going to take up?

Sri J. H. SHAMSUDDIN.—I want notice.

ಶ್ರೀ ಎಸ್. ಸುಬ್ಬಯ್ಯ ನಾಯಕ್.—ವಿದ್ಯುಚ್ಛಕ್ತಿಗಾಗಿ ಬೇಡಿಕೆ ಯಾವ ಭಾಗದಿಂದ ಬಂದಿದೆ?

Sri J. H. SHAMSUDDIN.—There is a demand from every quarter of the State and for all necessary purposes.

Sri C. S. HULKOTI.—May I know whether the districtwise rural area load survey has been made?

Sri J. H. SHAMSUDDIN.—The whole State has been surveyed and therefore all the districts and all the rural areas have been covered by it.

Sri C. S. HULKOTI.—May I know the result of the rural load survey in the District of Dharwar?

Sri J. H. SHAMSUDDIN.—Those details are not available.

Sri ANNARAO GANAMUKHI.—What is the total installed capacity of power in the State and also the present firm capacity?
